FRIDAY EVENING, FEBRUARY 25, 1921

NUMBER 175

CRACK CHICAGO & ALTON FLYER HELD UP BY FOUR MEN, MAILBAGS RIFLED

Compel Engineer to Uncouple Mail Car From
Coaches And Leave It For Them To Loot
While He Ran Rest of Train On a Couple of
Miles to Point of Safety.

GOT ONLY \$10 SAYS THE MAIL CLERK

BLOOMINGTON, ILL., Feb. 25—Bandits who early today robbed the "hummer" Chicago & Alton flyer near Pleasant Hill, Ill., made a "water haul" according to U. S. Davis, a mail clerk on the train. Four small packages of registered mail containing \$10 were taken. Packages containing important registered mail were taken off the train in the evening when it reached Missouri. The robbers apparently received word that the package would be on the train.

EAST QUINCY, Ill., Feb. 25—Four men with rifles held up the "hummer", crack Chicago & Alton flyer near here early today and robbed a mail car of registered letters and packages. The train was just crossing the Mississippi when four men jumped on the tender and covered the train crew with their rifles.

"Not a squak or you will all be dead," the leader of the gang yelled at Engineer Donahue and crew.

"Stop this rattle, come on," another bandit said to Donahue who was forced to uncouple the mail and baggage cars from the coaches. Donahue continued with the train two miles up the hill while the bandits looted the cars.

The four jumped off into the darkness after looting the train. The train was en route from Kansas City to Chicago.

NEW YORK LEGION MEN WILL PREVENT WEEPING FOR GERMANY IF POSSIBLE

NEW YORK, Feb. 25—The American Legion and other patriotic organizations launched an offensive here today to prevent an alleged pro-German mass meeting from being held in Madison Square next Monday night. The meeting is backed by the "New York Campaign Committee against the horror of the Rhine" which is said to be directed by Dr. Otto Von Mach, an alleged German propagandist. Its purpose is to protest against the acts of the French army of occupation.

HOOVER AND HARDING IN MOST PERFECT ACCORD. NO CONFERENCE NECESSARY

NEW YORK, Feb. 25—So complete will President-elect Harding and Herbert Hoover be in accord on the proper functioning of the Department of Commerce that the traditional personal conference will be dispensed with it was learned today. Instead of going to Florida, the former Food Administrator will devote his time before taking up his duties in Washington to turning over to subordinates all of his charity activities with the exception of the American Relief Administration which he will continue to direct.

Hoover is said to have told a Senator recently "I intend to be friends with Congress. I know that Congress will be friends with me. Together we will get things done. Apart we shall merely create trouble."

HOT FIGHT BEING STAGED IN CONGRESS OVER ARMY AND NAVY APPROPRIATIONS

WASHINGTON, Feb. 25—The last big fight of this Congress involving America's future preparedness for war was about to start in the Senate today. The cause for battle lay in the army and navy appropriation bills. Consideration of the army bill began today. Opposition to the bill came from two sources. One section which is demanding financial rearmament and point to the army bill of \$562,214,806 and the navy bill of \$496,023,130. Another element lead by Senator Borah believes that world conditions demand disarmament. This group has announced that it will insist on a "show down" on the disarmament question. Senator Borah served notice that he will move to have the rules adjusted so he can amend the navy bill.

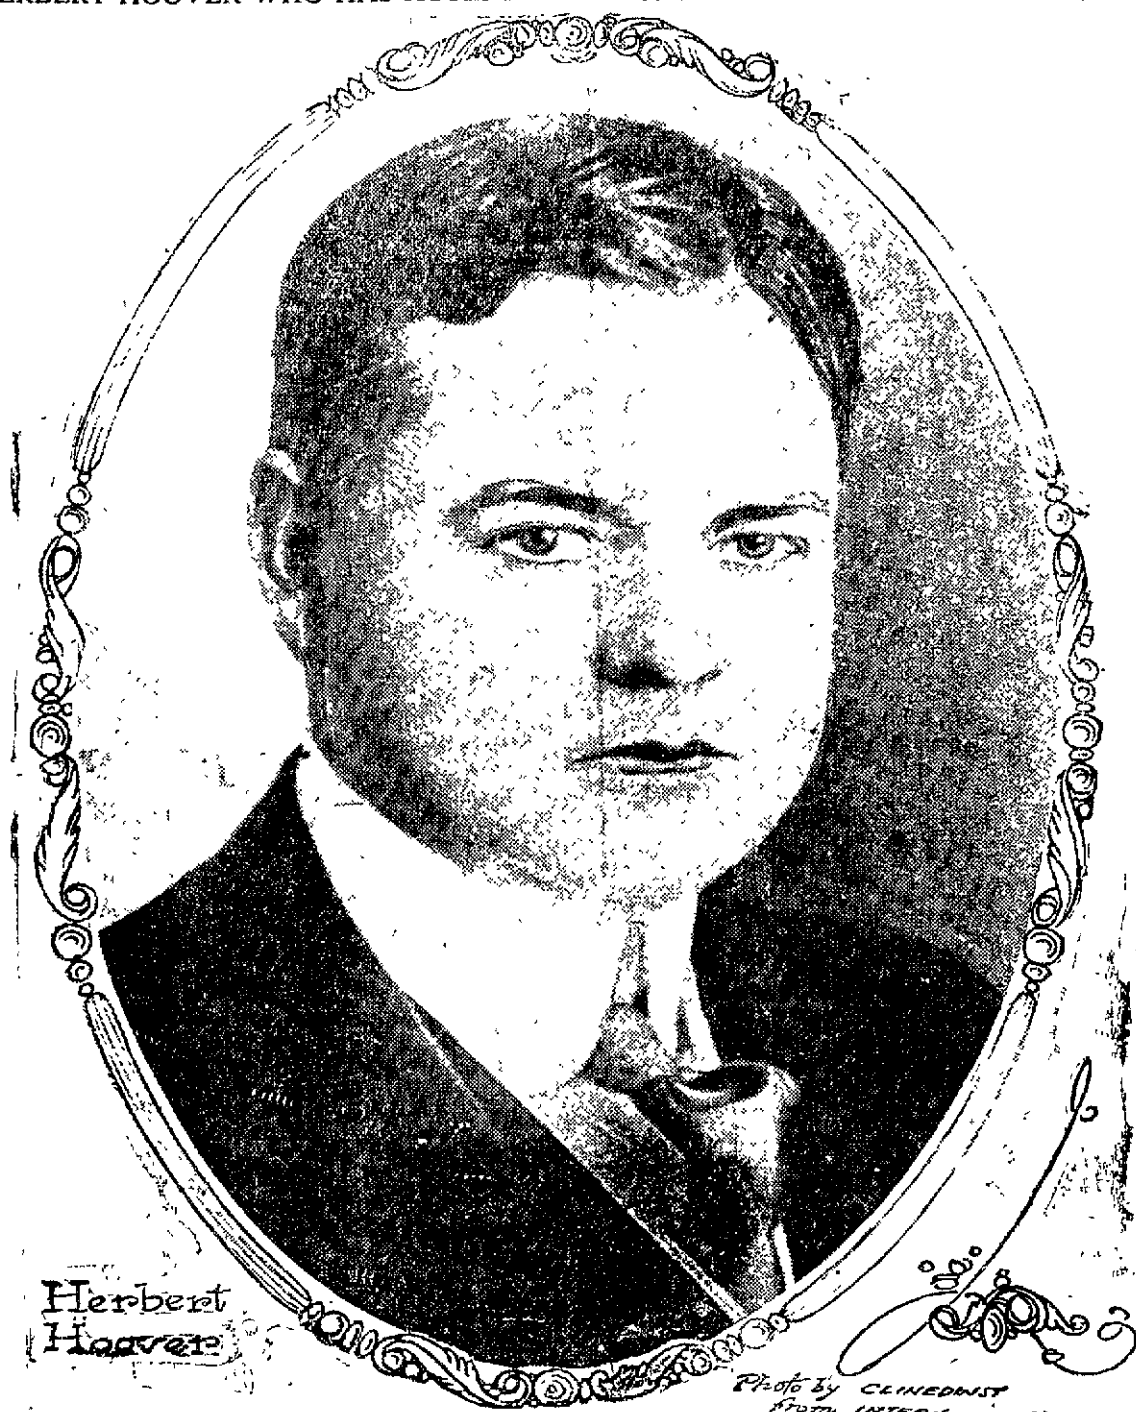

As a result of the fight leaders said they would not be surprised that one of the appropriation bills would fail to pass this session of Congress.

CO-OPERATION TO BE THE KEYNOTE OF HARDING REGIME SAYS MR. DOUGHERTY

WASHINGTON, Feb. 25—Co-operation is to be the keynote of the Harding Administration according to Harry M. Daugherty, Harding's chief lieutenant in talking over the plans. Daugherty left for his home in Columbus, Ohio, today but will return to Washington Tuesday to resume conference with leading Republican senators.

"It is to be the real sort of co-operation," said Daugherty. "It is to be co-operation that will co-operate. It will never be a one man government."

QUEBEQ LIQUOR BILL WILL PROBABLY BE SIGNED BY GOVERNOR VERY SOON

QUEBEC, Feb. 25—The new Quebec liquor bill which will make this province the largest liquor dealer in the world and tends to dam the flow of alcohol into American territory has been submitted to Governor Fitzpatrick for his signature. Fitzpatrick was expected to sign the bill making it a law.

JURY DISCHARGES IN JAKY CASE

Ernest Nelson, a Chester Hill colored man, is at a loss to know whether he is guilty of violating the liquor law, or not. He was tried before Judge Bell yesterday on that charge. The chief witness against him was Chief of Police Brink and a fellow named McCain, of Philadelphia. One Sunday several weeks ago the later was arrested at Philadelphia for being intoxicated and before being released was induced to make information against Nelson charging him with selling liquors or Jaky.

Nelson, who was defended by Walter Welch, denied that he sold any liquor but admitted drinking Jaky with McCain. The case was given to the jury yesterday afternoon and wrestled with the problem all night long, standing 9 for acquittal and 3 for conviction. This morning they came in and told the court they could not agree but he sent them back to their room with the request that they try it again. They did so, but at 10 o'clock returned to the Court Room and said it was all off, the three contrary fellows wouldn't come over and they were then discharged. Meanwhile Nelson doesn't know whether he is guilty or not although he contends McCain shifted the burden on his shoulders because he didn't want to give away the fellow who really did tell him the booze.

NOON STOCKS

New York, Feb. 26—Twelve o'clock prices on the stock exchange today were: American Locomotive 87, Anaconda, 38; Baldwin Locomotive 83-84, Bethlehem Steel 36-37, Central Leather 23-24, Cuyahoga Steel 31-32, General Electric 129-130, General Motors 13-14, Inland Steel 13-14, Penna. 40, Republic Steel 60-61, Sinclair 23-24, Unit 3 Steel 81-82, Preferred 110-111.

Malcolm Cox and H. M. Liveright will battle the basketball game in Punxsutawney this evening.

HARDINGS ADVISORS WHAT THEY HAVE DONE IN THE PAST

Secretary of State, Charles E. Hughes, of New York, former supreme court justice, former governor of New York.

Secretary of War, John W. Weeks, of Massachusetts, former senator and candidate for the republican presidential nomination.

Secretary of the Treasury, Andrew M. Mellon, of Pennsylvania, banker of Pittsburgh, and a member of a family reported to be one of the richest families in the United States.

Attorney General, Harry M. Daugherty, of Ohio, who managed the pre-convention fight for Mr. Harding.

Postmaster General, Will H. Hayes, of Indiana, chairman of the Republican national committee.

Secretary of the Navy, Edwin Denby, of Michigan, a former member of Congress who has served as an enlisted man in both the navy and marine corps.

Secretary of the Interior, Albert B. Fall, of New Mexico, now a United States senator.

Secretary of Agriculture, Henry Wallace, of Iowa, editor of farm publications.

Secretary of Commerce, Herbert Hoover, of California, former food administrator and conspicuous leader in various movements for European relief.

Secretary of Labor, James M. Davis, of Pennsylvania, and Illinois, a former union steel worker who has become highest official in the Moose National.

If changes are made they are most likely to affect the appointments for a new commerce and labor, all of which are understood to have come to the front on decisions within the last 48 hours.

Mr. R. R. Sherman entertained a number of his friends at a late last evening at his home on Locust Street. Mrs. Hoover received the party.

Mr. John W. Wern, of Olant, shopman in the Clearfield store, is a friend.

SAYS DEAN REED IS REAL BURBANK MAKING BLOOMS

Secretary of the Health Board J. G. Gaulin brought a bouquet of peach and plum blossoms to The Progress office this morning. The blossoms were taken from plum and peach trees in the yard at the home of William Owens in Lawrence township. These trees were located in close proximity to the smoke house where Mr. Owens has been smoking his pork and the mild winter added to the heat from the smoke house developed these early blossoms about the earliest we have ever seen in this section.

Bill also says that Dean Reed has been a weekly visitor at his place and thinks the "hot air" supplied by Reed every Sunday might have had something to do with forcing the early blossoms.

We have the bouquet on our desk and it is much admired by visitors.

CURWENSVILLE \$\$\$ DAY BIG SUCCESS; STORES THROGGED

Curwensville people had their first Dollar Day experience today and judging from reports from that town this afternoon they are going to be strong for this annual bargain event in the future. It is declared that the town never experienced such a day of business activity. Long before Old Sol peeped over the hill the people were out ready to enter the many stores that entered so wholeheartedly into the event. All the merchants report a tremendous trade. At one store where some particularly attractive offers were made there were, by actual count, thirty-three people waiting admission to the store before six o'clock this morning. Our Curwensville correspondent will tell us more about it in tomorrow's letter.

FORMER CLEARFIELD PASTOR

R. Claude R. Allenbach, pastor of the Lutheran church at Marion, O., former vice president of the Allegheny Synod, and Miss Hattie M. Arnold of Bedford, a daughter of Mr. and Mrs. W. L. Arnold, were married in W. D. Arnold, afternoon at the home of the bride's parents at Bedford by the Rev. Dr. John Eiler, pastor of the Grace Lutheran church, Altoona.

4TH WARD AGAIN PENNANT WINNER IN THE HEALTH LEAGUE

Below we present Secretary Gaulin's health report for Clearfield for the week ending Thursday. This report shows a total of 33 cases of contagious diseases under quarantine in the town.

The Fourth Ward again takes the palm for healthfulness with a clean slate. For the past three weeks there has not been a single case of contagious disease reported from the Fourth Ward. This is a record any community might well feel proud of.

Secretary Gaulin's report follows: During the week ending Feb. 24th the following new cases of contagious diseases have been reported to the Board of Health and placed under quarantine: Measles, 1; Scarlet fever, 1; chicken pox, 11; Not a single new case of diphtheria was reported. At present there are 2 cases of scarlet fever; 3 of diphtheria; measles, 1; mumps, 1; chicken pox, 12; and whooping cough, 4; under quarantine. They are located as follows:—

1ST WARD

Scarlet Fever
Diphtheria
Measles
Whooping Cough
Chicken Pox

2ND WARD

Diphtheria
Mumps
Chicken Pox

3RD WARD

Scarlet Fever
Whooping Cough

CHARTER PRESENTED TO ROTARY CLUB AT LAST NIGHT MEETING

The charter of the Clearfield Rotary Club was presented to the Club last evening by District Organizer Dr. Spencer M. Free, of DuBois. Two members of the DuBois Rotary Club accompanied Dr. Free to Clearfield and attended the meeting. They were Jake Osburn and Charles Schrum.

Judge Harvey W. Whitehead, member of the Williamsport Club, was the guest of Judge Bell, at the Club meeting. Judge Whitehead made a very interesting address during the evening on the duty of Rotarians toward the boy and counseled the members to get behind Boy Scout work and also look after the boys who get into the juvenile court. W. W. Wrigley gave a highly interesting illustrated lecture on electrification of railroads, which was so greatly appreciated by the Club members that it will be continued at next Thursday evening's meeting.

O. B. Porter, a guest of Jay Waugh, also delivered himself of a neat speech as did Bro. Lachance, of the Harrisburg Club, who was present as a guest.

The DuBois Club will celebrate its 16th anniversary of Rotary tonight and a cordial invitation was extended the local club members to participate.

The local Rotary Club meets every Thursday evening at 6 o'clock at The Dimeling.

In the presence of the immediate family. The ring ceremony of the Lutheran church was used. Rev. and Mrs. Allenbach went to eastern cities to enjoy their honeymoon and will witness the inauguration of President Harding before returning to their home in Marion, Ohio.

Rev. Allenbach was formerly pastor of the Clearfield Lutheran church and has many friends here who extend heartiest congratulations.

Joseph A. Shoff, of Madera, spent yesterday transacting business in town.

Mrs. Mertie Shirey returned to her home in Woodland yesterday after spending the past few days with Mrs. Charles McDowell on Second Street.

TODAY IN CONGRESS

In the Senate

Begins consideration of the remaining appropriation bills. Inter-State Commerce Commission to discuss the resolution to send food to starving China. Finance Committee to take up soldier bonus bill.

In the House

Post Office committee begins investigation into the aerial mail service accidents.

THE DOPE SHEET SHOWS CLEARFIELD WINNER TONIGHT

By Dick Leipold

Coach Staff and his squad of floor men left for Punxsutawney on the noon train, where the Red and Black quintet will clash with the Jefferson county team in what is considered by many to be the crucial game of the league race.

The outcome of this evening's contest is of vital import to both teams, altho Clearfielders standing would not receive such a lasting set back if defeated, for Punxsutawney then would have to defeat Brookville at Brookville to win the championship so a tie would likely result, but if Clearfield wins tonight, the league pennant is virtually assured, as the other two games on C. H. S. schedule are at home and should result in victories.

Yesterday Punxsutawney Spirit has the following to say regarding this evening's game:

"Basket ball interest is at fever pitch in Punxsutawney at the present time and fans here are looking forward to tomorrow night's game with Clearfield and the seating capacity of the Central 'Y' gymnasium is sure to be taxed to its capacity long before the game starts at 8:30 p. m."

Coach Sheldon gave the local squad a hard workout against the scrubs last evening and ironed out a few rough spots and the team ought to be in first class shape for tomorrow's game, counted as one of the hardest of the league schedule.

Altho the Punx's five defeated C. H. S. on the local floor, the followers of the local team are confident that the ground hog villagers will be pressed to the limit if they win, for with Ammerman back at forward, and Norris shifted back to guard, the Red and Black quintet will present an aggressive line-up to Punx's passers.

GREAT UPSETS IN LEAGUE THIS SEASON

This season the three league leaders, Clearfield, Brookville and Punxsutawney, have upset all dope, as to where they would win, and as to scores for Punxsutawney the first surprise by defeating Clearfield on the local floor 41-36. C. H. S. then journeyed to Brookville and defeated the Jefferson county team 31-26, and Brookville the following Friday traveled to Punxsutawney and handed Punxsutawney a set-back 37-31. An interesting fact, is that every winning team had a five point lead when the final whistle blew.

The record of Clearfield's and Punxsutawney's league games is as follows:

	C. H. S.	OPP
DuBois, away	44	15
Reynoldsville away	37	22
Punxsutawney, home	36	41
Brookville, away	31	26
New Bethlehem home	35	30
DuBois home	46	20
Reynoldsville, home	80	16

Total number points 309 170
Clearfield has scored 139 more points than opponents.

	Punxsutawney	OPP.
New Beth. away	46	34
DuBois, home	38	16
Clearfield, away	41	36
Reynoldsville, away	33	29
Brookville, home	32	37
New Beth. home	42	25
DuBois, away	26	23

Total number points 256 200
Punxsutawney has scored 56 more points than opponents.

Clearfield has scored 53 more points than Punxsutawney, while opponents have scored 30 more points against Punxsutawney than against Clearfield.

GREATEST FURNITURE SALE

We Have Ever Held!

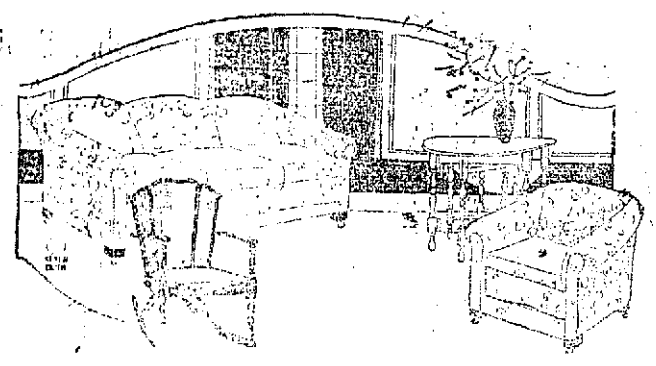

After four years of service to our customers we are proud to say we have the Quickest Selling Line on the Market Today. Why? Simply Because Quality, Superiority and Square Dealings are Back of Our Four Years Service.

ODDS AND ENDS AND THINGS

By "Skinney"

We don't know how far we can go with these doctor friends of ours, but we are going to take one more chance before we are forced to ring off, if merely for the purpose of showing these present day medical scientists that they are far from knowing it all and then some. We have been allowing these doctor fellows to get real cheaty over what they occasionally discover and pull off, but we warn them now to look well to their laurels. We would like our doctor correspondent to peruse the following:

That the "black magic of the Middle Ages" consisted in discoveries far in advance of twentieth century science is the contention of Dr. Wilfred N. De Voynich, bibliophile manuscript collector, who will address the American Philosophical Society in Philadelphia on April 20, at which time, he says, he will startle the scientific world. Dr. De Voynich says he will reveal some of the secrets locked up by Roger Bacon, the thirteenth century wizard, in the code which the doctor says he has deciphered.

Dr. De Voynich had with him photographic prints of several pages of the book of mystery, the original of which, he says, came into his possession nine years ago. Bacon wrote in Latin, but his more secret writing, according to Dr. De Voynich, he concealed from the world in a code which somewhat resembles ancient Hebrew. Cude illustrations were worked into the text, and these, too, according to Dr. De Voynich, have their significance. Thus far he says he has deciphered about 20,000 words but even this small part of the work, which comprises 800,000 words, is a revelation.

Emery Colson, of Hutchinson, Kansas, has figured the national debt on a basis that puts it in a new light. The national debt, it now approximately represented by 1,000,000,000 minutes. According to this, says Mr. Colson, the government must collect \$35 every minute for the next 2,000 years.

Eric Johnson, aged 38, of Rockford, Ill., recently traded his 20 years old wife Cora, to the family butcher, Berger Peterson, in settlement of his meat bill for a month and a \$500 building lot. When he went to look at the lot Johnson rued bargain, but when he tried to get the woman back again she refused to leave the butcher. Johnson put up such a roar that he landed in the police court where the story of the trade was told by the wife, and as she preferred the butcher for a husband the magistrate sanctioned the deal in effect by dismissing Berger and the woman.

The political pot in Clearfield county has already begun to simmer with the "Kelly's" of four Republican candidates for Sheriff in the ring. District Attorney Arnold is a candidate for re-election, while silence like a poultice covers the landscape on the other side of the fence thus far. But just wait.

The meanest crook yet developed by the recent crime wave has been located in Chicago. He robbed Rev. Lee Wilcox of \$15 in money and a gold watch. After getting the valuables named "what else have you got," asked the robber. pocketed the preacher's wealth and time piece.

"I've got a Bible," the minister said. "I guess I need it worse than you do," the robber declared. "Hand it over."

"I forgive the misguided bandit," Mr. Wilcox told the police. "I hope he reads that Bible."

We might be able to condone the taking of a man's money, if the taker was hard pressed for coin, but when it comes to robbing a man of his tools we think it is going a little bit too far, even for a high-wayman.

JAPAN NOT HOSTILE

We hear so much about the unfriendly attitude of Japan towards the United States that it is refreshing once in a while to learn that there is another side to the story.

Dr. Rufus W. Miller, secretary of the publication and Sunday school board of the Reformed church, spoke in Christ Reformed church Sunday on the work of the eighth world Sunday school convention held last fall in Tokyo, Japan and in the course of his remarks he took occasion to refer to the relations existing between the two nations.

Dr. Miller said that, judging from the expressions of prominent Japanese, American business men in Japan and missionaries, and also from the sentiments voiced in the Japanese press, it is the desire of the majority of the Japanese to maintain friendly and close relations with the United States. Indeed, they look upon this country as their best friend. The ascendancy of the liberal Democratic party to power and influence, in opposition to the military party, is an indication of the spread of this sentiment.

In other words, the situation in Japan is similar to that existing in this country. There are some persons who are continually talking war in the United States, but the masses are thinking only of preserving peaceful relations with the Sunflower kingdom. In Japan the militarists would encourage war, but the rank and file of the people desire nothing so much as peace. As long as this condition prevails there is not likely to be any serious differences arise that diplomacy cannot adjust.

Freak of Nature.

One might think that the powerful
bumblebee and the milkweed would
make ideal partners, but such is not
the case says the American Forestry
Magazine of Washington. These re-
markable plants, which not only flow
with honey, but also invite their in-
sect guests by a strong honey scent,
are utterly ignored by the big hungry
bumblebee.

"Do-It-All" Tractors

They plow on the level; with one ball
wheel in the furrow the tractor is not tip-
ped over. The furrow easily guides the tractor
or so as to make plowing easy. They also
pull from a 9-inch to 10-inch plow in sod or
subsoil. They cultivate any crop that grows,
do orchard plowing, haul loads, give you 6
H. P. for belt work. Weight approximately
1,000 pounds. Many other valuable features.

A RAW, SORE THROAT

Eases Quickly When You
Apply a Little Musterole.
And Musterole won't blister like
the old-fashioned mustard plaster.
Just spread it on with your fingers.
It penetrates to the sore spot with a
gentle tingle, loosens the congestion
and draws out the soreness and pain.
Musterole is a clean, white ointment
made with oil of mustard. It is
fine for quick relief from sore
throat, bronchitis, tonsillitis, croup, stiff
neck, asthma, neuralgia, headache,
congestion, pleurisy, rheumatism, lum-
bago, pains and aches of the back or
joints, sprains, sore muscles, bruises, chil-
blains, frostbites, colds on the chest.
Nothing like Musterole for croupy chil-
dren. Keep it handy for instant use.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known Local Druggists Say
Everybody is using Old-Time Re-
cipe of Sage and Sulphur.

Hair that loses its color and lustre,
or when it fades, turns gray, dull and
lifeless, is caused by a lack of sulphur
in the hair. Our grandmother made
up a mixture of Sage Tea and Sulphur
to keep her locks dark and beau-
tiful, and thousands of women and
men who value that even color, that
beautiful dark shade of hair which is
so attractive, use only this old-time
recipe.
Nowadays we get this famous mix-

ture improved by the addition of other
ingredients by asking at any drug
store for a bottle of "Wyeth's Sage
and Sulphur Compound," which dark-
ens the hair so naturally, so evenly,
that nobody can possibly tell it has
been applied. You just dampen a
sponge or soft brush with it and draw
this through your hair, taking one
small strand at a time. By morning
the gray hair disappears; but what
delights the ladies with Wyeth's Sage
and Sulphur compound is that, be-
sides beautifully darkening the hair
after a few applications it also brings
back the gloss and lustre and gives it
an appearance of abundance.
Wyeth's Sage and Sulphur Com-
pound is a delightful toilet requisite
to impart color and a youthful ap-
pearance to the hair. It is not in-
tended for the cure, mitigation and
prevention of disease.

What the Ford Ton Truck Will Do

The Ford One-Ton Truck offers an efficient, dependable delivery
service at the lowest cost. Thousands of owners: wholesalers, retail-
ers, farmers, transfer and baggage companies, ice and coal dealers,
public service corporations—all have learned of the "delivery cost-
cutting" Ford. It does easily the work of several horses at a very
greatly reduced upkeep and operating cost.

The light but strong steel frame, the ever-reliable Ford motor, the
powerful aluminum-bronze worm-drive, demountable rims and pneu-
matic tires both front and rear, all combine to make the one-ton Ford
the truck of flexibility, liability and utmost service with lowest first
and after costs. Our Ford service organization—right at your elbow,
with complete stocks of genuine Ford parts, special equipment and
Ford mechanics—insures full-time service from your Ford truck all
the time. The demand grows—orders should be placed without delay.

A Column of News and Timely Topics for the Man Who Feeds the World

LITTLE TIME NEEDED TO KEEP LABOR DATA

Records Often Are Means of Saving Working Costs.

Farmer Enabled to Determine Number of Days of Man and Horse Power Necessary to Produce an Acre of Any Crop.

A record kept of farm labor does not require much time, yet it is often the means of saving labor costs. The labor records show just how much labor and team work is required on each crop and the time in the season when it is used. They should show what proportion of the labor is devoted to work that produces an income and the amount that is consumed on odd jobs of unproductive tasks. This will enable the farmer to determine the number of days of man and horse labor necessary to produce an acre of any crop, or the care of any class of animals for a year says the United States Department of Agriculture. Thus he may be able to rearrange his system of management so that he can get along with less

labor and at the same time maintain production.

A year's labor records show also just how much man power and horse power is necessary to run the entire farm at different seasons, and point out accurately just when the rush seasons occur. With such records before him, the farmer knows approximately what his labor requirements will be in advance of the rush season. He is able to increase or decrease the different farm enterprises and fit them together until he has outlined a complete year's work with an even load of labor for the entire season.

GIVE GAS ENGINE ATTENTION

Vibration Tends to Loosen Bolts, Nuts and Various Connections Which Need Tightening.

All screws and nuts on gas engines should be kept tight. The engine should be gone over every day or so when it is used, and all connections tightened and all oil and dirt wiped off. Such practice will go far toward preventing operating troubles, since all gas engines vibrate to some extent and this vibration tends to loosen bolts, nuts and other parts.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

The Curwensville letter man inadvertently neglected the other day to mention anything about the 500 social held in the American Legion Rooms on the even of Washington's birthday, under the auspices of the members of the Ladies Auxiliary to Joshua Sipes Post. It was a most pleasing affair from start to finish, and the time spent in the rooms passed only too quickly, as the home-going hour approached. Every table was filled during the entire evening, while many others, who did not understand the game well enough to "make a hand" passed the time in social conversation and various other ways of entertainment. There were a great many tickets sold to parties who did not attend the gathering, nor had any intention of so doing, but purchased a ticket in order to help the financial end of this most worthy project that the ladies connected with the American Legion have taken up, and there is no doubt in our minds but that they will not cease in their patriotism until they have carried their work onward to a successful end, and a sufficient fund has been secured for the purchase of a monument or tablet on which the names of Curwensville World's War service men will be inscribed. It is going to take considerable money with which to purchase a monument that the citizens will be proud of, and done that strangers coming to Curwensville cannot help but admire and praise.

The body of Louis L. Shearer, who lost his life in France, just at the close of the World's War, will arrive in Curwensville before many weeks and will be interred alongside of that of his mother, Mrs. G. A. Shearer in Oak Hill cemetery. At the time of his enlistment March 1, 1918 he was acting as cashier for the Adams Express Co., at Erie, Pa. He left American shores on June 30, 1918, and arrived on foreign territory on July 14. He was transferred from infantry to 43d Balloon Company. His company was sent to the front, and from records before us, saw some very hazardous service, until the armistice was signed, which according to his diary kept by him of the events happening every day during his service, was signed on Nov. 11th, at eleven o'clock a. m. He was killed by a shell explosion just a few weeks prior to his starting for a ship to return home. At the time of his death he was but 22 years of age. He was the only son of Gus. A. and Rose (LaPorte) Shearer, and a nephew of Lew J. LaPorte.

Ray LaPorte returned from his visit to Olean, N. Y., Wednesday. He reports labor matters as being very quiet in that city many men being out of employment. There is also lots of snow.

Not long since there appeared in the Curwensville letter a paragraph advocating the election of women on the town council and also on the school board. Since then we have been interrogated more than a dozen times as to whether any woman in the town was placed in nomination, by either party, for school director. Yes, in the spring of 1877 the Democrats got into a squabble among themselves at their caucus, and ended up by placing the names of Mrs. Mina Sloss and Mrs. J. M. Fleming on their ticket, thinking by so doing they could defeat Dr. Faust and S. J. Gate, the Republican nominees, thereby getting control of the board.

The two ladies served notice by circular that they would not serve even though they were elected; but they received a mighty complimentary vote nevertheless, and made the Republican workers get busy.

Incidentally a report reached The Progress Curwensville correspondent the other day, that he was a candidate for the postmastership. The report is unfounded and we can say with a clear conscience that we never in our lives aspired to that position never said we were going after the job, are not capable of handling it even if the appointment was handed out to us without any solicitation on our part. Whether some one started the report with malice aforethought or as a joke, we don't care; tinker which, and will not be a contestant for the appointment at all.

The Progress wishes to make correction in the advertisement of the Sweet Shop. Ten packages of cigarettes for \$1, read the ad. I should have been \$1.50. Still a great bargain and we hope you laid in supply.

COULD NOT BEND OVER TO PUT ON HIS SHOES

Lancaster Man Had Rheumatism In Back So Severe He Felt Like Hallooing—Tanlac Ends Troubles and Gains 14 Pounds.

"I have gotten rid of an eleven year case of rheumatism by taking Tanlac and I don't remember the day I felt better," said George W. French, 320 North Christian St., Lancaster, a valued employee of the Shank Contracting Co.

"The rheumatism had me, that's all there was to it, and at times I could not keep from hallooing out, the pains were so severe. My back ached something awful, and many a morning it was impossible for me to stoop over and put my shoes on. My legs hurt and my joints were so stiff sometimes I could not bend my knees at all and had to drag one foot after the other without trying to raise them.

"To make matters worse, my stomach got out of order and my appetite

went back on me. I had to give up eating all the things I liked best and, as a result I went down considerably in weight. I had awful cramps in my stomach and would bloat up so bad it nearly took my breath away. My nerves kept me restless and in a strain all the time and, as far as getting a good night's sleep was concerned, I didn't know what it was.

"But this is not the case with me now I'm glad to say. I gave Tanlac a trial, and I have picked up fourteen pounds in weight and the rheumatism is all gone. At least I never feel a trace of it any more. My stomach trouble is a thing of the past and I eat three of the biggest kind of meals every day. My nerves are as strong as steel and I sleep like a five-year-old boy. I can handle any kind of work and can put in as long hours as the next fellow."

Tanlac is sold by all leading druggists everywhere.

McCARTY'S

Pronunciation of "Viking."
"Viking" is a Norse word, the English form of which is "wicking." It ought not to be pronounced as "viking" any more than the French words half and gulledge. The Norse adjective "veik" means "weak" in English. The vikings were anything but weak. In fact, weakness barred one from ever being accepted as a member of the dare-devil bands of vikings. The very idea of weakness is therefore inadmissible in connection with the heroic word viking.

Mr. N. P. Romano, a small baker of Rutland, Vermont, is willing to let every maker of checks know what happened to him. His letter below:
N. P. ROMANO
Italian Bread
17 Meadow Street
Rutland, Vt., April 26, 1919

Todd Protectograph Co., Rochester, N. Y. Gentlemen:
I am giving herewith to your Mr. H. A. Woods a photograph of one of the five raised checks, that I have had the misfortune of having raised on me in the past two months.

For the benefit of my fellow businessmen that this fraud may not be worked on them I am writing a description of the method whereby I lost \$751.00 in two months and couldn't help myself until it was too late.
I wrote this particular check Nov. 20/18 and drew it to The Read Machinery Co., York, Pa., check No. 5, and mailed it to them that night. About a week after I received a letter from them saying my account was overdue, and I replied that I had mailed them a check for the \$1.08 (which was the amount of the check) Nov. 20/18. They replied that they had never received it, so I please send duplicate, which I did, telling my bank to stop payment on the original check.

About March 26/19, I received my cancelled checks and statement from the bank, and among the checks was a check I'd never made except the signature, which I recognized as mine. All my checks were in except No. 5 and this check was numbered 63, and I had this check in my check-book. Somebody had changed everything on my check No. 5 except the signature and had cashed it for \$101.00 instead of \$1.08. Now I had never written check number 63 as I had it in my check-book and every other check could be accounted for, so all I can see is that the crook got my No. 5 check and fixed it to suit himself, at the same time getting \$100 of my money.

A number of Todd salesmen have called on me about check protection, but I had decided that I was too small for the crook to bother with, as there were larger men than I, not protected. But as you see I made the wrong kind of a bet and this check with the four others cost me \$751.00 to learn that I ought to have bought protection BEFORE and not after I got stung.

Today I am placing an order with your Mr. Woods for one of your Protectograph check-writers, and some Protod checks and after my experience with the crooks in the past, I will never again expect to write a check unless it is protected by the Todd Complete Indemnity System, and I hope this letter will save others the trouble and loss I suffered in these checks of mine.

I have literature showing illustrations of checks that were butchered severely, with and without the use of check writers. No machine can stop it but only one paper—PROTOD has stood the on-slaught for the last five years.

Your Bany Account and your worth is open through many channels. The "doors" might be closed to a certain extent but I assure you they aren't locked. What is the relative value of your very Worth to things you now lock with keys? You haven't had the opportunity of learning the logical, safe and sound merits of the Todd system. Permit me to show you what we have learned from those who have had the misfortunes of losses in all denominations, what we have learned from prisoners now reformed, manipulators who have served their time.

Gossip for Tonight's Tea Table

Miss Rubie Williams and brother James are visiting their aunt Mrs. J. J. Hart in Jersey Shore this week.

Mrs. J. R. Hughes has returned from a visit to Pittsburgh. She was accompanied home by Mr. and Mrs. J. R. Hughes, Jr., and son.

Charles Lawrence, of Bald Hill spent today with relatives here.

Miss Nathalia Orcutt left this morning for Punxsutawney where she will spend the week end with friends.

Paul Collins, of Curwensville, spent last evening in town.

John Overly, Ted Bowes and Tom Betts will attend the basket ball game in Punxsutawney this evening.

Mrs. Adam Litz, of Tyrone, is visiting her sister, Miss Sarah Ward for a few days.

John Woods and Frank Sheppard spent yesterday in Altoona.

Mrs. M. F. Mitchell returned to her home in Indiana last evening, after spending the past week with her mother Mrs. E. M. Fullington, on Cherry street. Mrs. Fullington has been seriously ill for some time, but is much improved now.

Horace Lansberry, of Woodland, spent yesterday with friends in town.

Carl Bird left today for Reynolds-ville, where he will spend the week with friends.

Mrs. L. J. Moore, of Osceola, spent yesterday shopping in town.

Harold Robinson is spending a few days with friends in Jersey Shore.

Ernest Orcutt left yesterday for Orlando, Fla., after spending the past week at his home here.

Mrs. Freeman Shope is spending a few days with her sister Mrs. R. A. Rauch in Surveyor.

Every Woman May Now Enjoy the Thrill of Wearing New Apparel

—For hosts of Spring garments, irresistibly lovely new Suits, Dresses, and Millinery have already arrived in the Store. These harbingers of the Spring are so amazingly youthful in line and so beautiful in fabric and coloring that many of our patrons insist that they are by far the prettiest of any wearables they have seen.

QUALITY--FEEDS

Farmers, Dairy-Men, Feed Buyers, buy feeds at Wholesale prices. You can save from Five to Ten Dollars a ton. You wonder how we can undersell and give you better feeds. We make this explanation. We buy in car lots direct from the mills, unload cars direct from R. R. Siding to Storage House. Our system of handling feeds is so conveniently arranged that one man can easily take the place of three. We pay no rents, nor have we any costly delivery system. We buy at right prices and sell for cash.

BUY YOUR CAR IN THIS BIG SPECIAL SALE

Lowest Prices of Year on Used and ReNEWed Cadillac Feb. 28-March 5

AT JOHNSTOWN AUTO. CO.

People who have been thinking of buying a car, and who have been waiting to get it at the right price, are advised to take advantage of the special sale to be conducted by the Johnstown Automobile Company at the big plant at 101-111 Main St., Johnstown, beginning Monday, February 28, and ending Saturday evening, March 5.

It offers a chance to buy a week or two ahead of warm Spring weather a used or ReNEWed Cadillac at astonishingly low prices—prices which will not and cannot be touched again during the entire year.

Cars of exceptional quality are offered—Cadillacs which have been rebuilt and repainted—gone over so thoroughly that neither in appearance nor performance can they be distinguished from a new car. But there is a whopping difference in price.

Don't even think of buying any other car until you have looked over the offerings in this special sale of the Johnstown Automobile Company. The Cadillac is "Standard of the World," and the man who owns one will tell you that no other car can compare with it in dependability, road performance, ease of driving and all-round goodness.

And no one is ready to say that the best cars are not better when backed up by good service. The Cadillac car, coupled with the Johnstown Automobile Company's service, cannot be approached elsewhere.

Everybody is looking for an early Spring. But if the roads are not in condition for driving the Johnstown Automobile Company will put it in "dead" storage for 30 or 60 days. Don't delay—the remarkable low prices are effective in this sale only. You'll be sorry if you pass up this opportunity—A.W.

BUTTERINE

An Exceptional Value In Butterine For Saturday's Selling Only
A 3 Pound Country Roll 60c
THORN BROS.

Backache and Kidney Disorder

(By Dr. L. C. Babcock)

Simple methods are usually the most effective. The mere drinking a cup of hot water each morning, and a little "An-uric" (anti-uric acid) before every meal has been found the most effective means of overcoming kidney trouble. Death would occur if the kidneys did not work day and night in separating poisons and uric acid from the blood.

The danger signals are backache, depression, aches, pains, heaviness, drowsiness, irritability, headaches, chilliness, rheumatic twinges, swollen joints, gout.

Drop into your drug store and obtain "An-uric" first discovered by Dr. Pierce, of the Surgical Institute, Buffalo, N. Y., or send Dr. Pierce 10 cents for trial package.
